

**2013-2014 SHELBY GT500 SUPER SNAKE**

# 2013-14 GT500 SUPER SNAKE

850HP Available From: **\$46,995**  
Does not include base vehicle, Shelby retains all take-off parts

The Shelby GT500 Super Snake made its debut turning heads at the 2007 New York International Auto Show where it was voted 'Sexiest Car'. It's born from our customer's desire for more...power, performance, and handling. So when you're ready for the ultimate enhancements to your Shelby GT500, let the mad-tuning heritage at Shelby American turn your car into a Super Snake.

*"The 2013 Super Snake is one of the most amazing Mustangs we have tested and it is the quickest and fastest Mustang we have tested to date. It makes every bit of the advertised 850 horsepower, and we put it to the test on track... We ran a best of 10.66 at 137 mph with only a sap to Nitto NT555R tires. With a drag race setup it would likely go in the 9s, yet it maintains all the comfort and features of any new Shelby."*

Evan Smith, Muscle Mustangs & Fast Fords, June 2013
